

New York Academy of Medicine Collection of International Medical Theses

Box 12:2:12

Copenhagen, Denmark

(H00514621J)

The following titles are part of the New York Academy of Medicine Collection of International Medical Theses, housed at the University of North Carolina at Chapel Hill's Health Sciences Library. The collection consists of tens of thousands of post-1801 theses in multiple languages from leading medical schools throughout the world. Europe is well represented, with many theses originating from universities in Germany, France, the Netherlands, Spain, Sweden, and Switzerland. Countries with lesser quantities in the collection include Argentina, Brazil, Chile, Algeria, Indonesia, and others.

For a complete listing of titles or to request items, please refer to the finding aid:
